Guide to Pediatric Urology and Surgery in Clinical Practice

Guide to Pediatric Urology and Surgery in Clinical Practice

Guide to Pediatric Urology and Surgery in Clinical Practice addresses the surgical and urological problems in children that may be encountered in the primary care clinic.

Divided into two sections on urology and surgery, the chapters give a synopsis of a particular condition, its management in primary care, indications for referral and timing of referral. Complications of a particular procedure and its management if presenting to primary care is also discussed. The book is illustrated throughout and key points are provided at the beginning of each chapter for quick and easy reference.

A concise assemblage of all those pediatric surgical and urological conditions commonly encountered in primary care, this book provides a quick reference guide for use in clinical practice.
