**Teaching Early Reading and Phonics: Creative Approaches to Early Literacy** Kathy Goouch, Andrew Lambirth

This book supports teachers using phonics in their teaching of early reading. The authors show how important it is to ensure that children acquire a wide range of reading strategies, while also setting out practical 'pointers' which will enable teachers to translate the theory into effective practice. Readers will learn:

- How to plan phonics within a rich, interactive and playful literacy pedagogy
- How to construct relationships with the young readers in their classes and the texts around them
- How to embed the teaching of phonics in carefully selected high quality materials - particularly in children's literature.

Written for practicing teachers, student teachers on initial teacher training courses at undergraduate and postgraduate levels, the book will also be useful for advisors working on continuing professional development.

Dr Kathy Goouch and Dr Andrew Lambirth are based at Canterbury Christ Church University in the field of early and primary education and literacy.
