Graham Priest

## **In Contradiction: A Study of the Transconsistent** Graham Priest

*In Contradiction* advocates and defends the view that there are true contradictions (dialetheism), a view that flies in the face of orthodoxy in Western philosophy since Aristotle. The book has been at the center of the controversies surrounding dialetheism ever since its first publication in 1987. This second edition of the book substantially expands upon the original in various ways, and also contains the author's reflections on developments over the last two decades. Further aspects of dialetheism are discussed in the companion volume, *Doubt Truth to be a Liar*, also published by Oxford University Press in 2006.
