Colin Platt

Medieval England: A Social History and Archaeology from the Conquest to 1600 AD Colin Platt

By drawing equally on the work of historians and archaeologists, Colin Platt puts forward a view of English medieval society in which there is much that is new and unexpected. Medieval England brings together a wide range of themes, from castle and palace to peasant hovel, from the great cathedrals and monasteries to the parish churches and `alien' cells. The book is fully illustrated, the pictures being an integral part of the text. For this re-issue Professor Platt has written a new preface which updates the work with a survey of archaeological and historical developments in the last decade.
