New parents are hipper, more educated, and more sophisticated than ever, but they're also highly competitive--a lethal combination when turbocharged by the anxieties of raising a baby. And for many couples, it's not just any baby, but the perfect baby. These "excessively motivated" parents will not sabotage Junior's future by denying him Mandarin lessons, a nursery chandelier (just like the one Gwyneth's kids enjoy), or advanced infant yoga. A hilarious, highly visual satire of childrearing manuals, *The Perfect Baby Handbook* provides much-needed comic relief from the pressures of modern parenting, and gives comfort to moms and dads who can say with a sigh of relief, "At least, we're not this bad."
