Break it before repair Maksym Gichka

A university archaeologist makes an epic discovery but, instead of praise and recognition, she is shamed and sent to prison. Why is the world so unjust? Who needs to hide this truth from humanity, and why? How far have lies and stupidity affected modern society? What will happen to the world in the future? How can it be changed for the better? The heroes of this novel set out to find the answers to these questions. And they find them. Each in his or her own way.
