Oliver Twist & David Copperfield: the original books Charles Dickens

Oliver Twist, subtitled *The Parish Boy's Progress*, is the second novel by English author Charles Dickens, published by Richard Bentley in 1838. The story is about an orphan, Oliver Twist, who endures a miserable existence in a workhouse and then is placed with an undertaker. He escapes and travels to London where he meets the Artful Dodger, leader of a gang of juvenile pickpockets. Naïvely unaware of their unlawful activities, Oliver is led to the lair of their elderly criminal trainer Fagin.

David Copperfield is the common name of the eighth novel by Charles Dickens, first published as a novel in 1850. Its full title is *The Personal History, Adventures, Experience and Observation of David Copperfield the Younger of Blunderstone Rookery (Which He Never Meant to Publish on Any Account)*. Like most of his works, it originally appeared in serial form during the two preceding years. Many elements of the novel follow events in Dickens' own life, and it is probably the most autobiographical of his novels. In the preface to the 1867 edition, Dickens wrote, "like many fond parents, I have in my heart of hearts a favourite child. And his name is David Copperfield."
