The Birds, the Bees and the Platypuses: Crazy, Sexy and Cool Stories from Science (Erlebnis Wissenschaft) Michael Gross

Michael Gross has been writing about science full time for the last eight years and as a night time hobby for the previous seven. From his treasure troves, he now presents his favourite science stories from these 15 years.

What are the attractions that make him revisit a topic or reread an article again and again? Often, it's the sheer craziness of wildly unexpected findings or grotesquely oversized challenges. In other stories, there is a sexy element or an unexpected insight into the human condition. And sometimes, when reporting new and future technologies, the author just can't help thinking: >cooooooooooool!< So here are more than 60 crazy, sexy and cool science stories for you to enjoy.
