## **The North Carolina Birding Trail: Coastal Plain Trail Guide: 3** North Carolina Birding Trail

North Carolina harbors an incredible diversity of habitats that provide food and shelter for more than 440 bird species throughout the year, making the state a destination for birders and nature lovers. The North Carolina Birding Trail is a driving trail linking birders and tourists with great birding sites across the state and the local communities in which they are found.

The first of three regional guides, the *Coastal Plain Trail Guide* presents 102 birding destinations east of Interstate 95. The spiral-bound volume features maps, detailed site descriptions, and color photographs throughout. Each site description includes directions as well as information on access, focal species and habitats, and on-site visitor amenities. Special "while you're in the area" listings accompany each of sixteen site groupings, so visitors can travel to a cluster of birding destinations and enjoy other local highlights and attractions along the way.
