Why You Could Be Destined To Fail In Trading and How You Can Avoid It!: The Path of a Champion Reynaldo Soriano Jr

“This book is a must read for anybody who is serious about trading. Unlike many other books, this book focuses more on the psychology aspect of trading. The book also provides useful exercises, checklists, and questionnaires that would be essential to any trader’s success. Not to mention it’s simple to read, well-written, entertaining, and organized. This is one of the few books that will spend very little time on your bookshelf.” - Germent Chi “Finally, a book on Trading that makes perfect sense! An inspirational and knowledgeable read. A must for ALL traders who want to change their lives and succeed in trading.” - Ann Soriano “This book is a first class integration of the behavioral, psychological and discipline techniques of trading. Most important of all, Reynaldo provides us with an illuminating presentation of self-awareness, self- belief and an underlying need to develop and control your emotions. As you will come to know and understand, these are some of the most vital aspects to your trading success. Reynaldo has written this definitive book based on his experiences and tribulations trading the financial markets of the world. In my mind, it’s hard to believe anyone reading this book not coming away more enriched from the experience impressed upon them with the blend of devoted passion, research and mental strength that goes into trading success. It is now your blue print for success. I would go as far as to say that if I can be taught to trade then you too can be a successful trader. Once you have experienced the way Reynaldo goes about trading you will understand why he is in the minority of winners. This book is the foundations for anyone who wants to become a profitable trader. This is one of the best tools for you to have if you want to succeed. There is no question about it.” - John Paul Smith
