## **Liberating Iraq** Amir George

This is the story of the Iraqi war written by one of the only people in Iraq without a minder. It is based on the author's own personal insights as an Assyrian Christian over a period of several years, which were drawn from meetings with the Iraqi Prime Minister, President, Foreign Minister, top US and international officials, and the Iraqi people themselves. It reveals what happened to the weapons of mass destruction, and it tells of the horrors experienced by those who worked for the Iraqi government and what life was like under Saddam. It describes the days leading up to the war, the first relief convoy to cross the border into Iraq following the war, and the tremendous success of the nearly 400,000 Americans who fanned out across Iraq to love and save the nation only to now be on the verge of seeing that success lost. *Liberating Iraq* will appeal to those who served in Iraq, their family members and anyone who wants to know the truth about what really happened.
