The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry

William A. Hart, O. F. Beumel, Thomas P. Whaley

The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry William A. Hart, O. F. Beumel, Thomas P. Whaley

The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium, and Francium studies the physical and chemical properties of the elements listed in the title, including their chemical compounds and reactions. This book first features lithium, including its characterization, metals, and compounds. This topic is followed by discussions on the remaining featured elements in this text, encompassing their discovery and history, occurrence and distribution, and production. Then, this text presents the chemistry and chemical properties of the elements, specifically discussing topics such as the reactions of the metals, intermetallic compounds, hydrides, halides, cyanides and cyanates, and oxides and peroxides. The last two chapters examine biological activity and analytical chemistry of the elements.

This book will be valuable to students and experts in the field of chemistry, as well as those in related fields.

From reader reviews:

James Ponce:

The book untitled The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry is the publication that recommended to you to learn. You can see the quality of the reserve content that will be shown to you. The language that publisher use to explained their way of doing something is easily to understand. The article writer was did a lot of analysis when write the book, to ensure the information that they share for you is absolutely accurate. You also might get the e-book of The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry from the publisher to make you considerably more enjoy free time.

Sheryl Hicks:

Playing with family within a park, coming to see the coastal world or hanging out with pals is thing that usually you might have done when you have spare time, then why you don't try factor that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry, it is possible to enjoy both. It is excellent combination right, you still desire to miss it? What kind of hangout type is it? Oh can occur its mind hangout folks. What? Still don't have it, oh come on its called reading friends.

Joan Green:

This The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry is great guide for you because the content and that is full of information for you who also always deal with world and have to make decision every minute. This specific book reveal it info accurately using great manage word or we can declare no rambling sentences inside. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but tough core information with lovely delivering sentences. Having The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry in your hand like having the world in your arm, information in it is not ridiculous one particular. We can say that no publication that offer you world inside ten or fifteen small right but this publication already do that. So , this really is good reading book. Heya Mr. and Mrs. busy do you still doubt this?

Beatrice Blakely:

Beside this The Chemistry of Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry in your phone, it can give you a way to get more close to the new knowledge or facts. The information and the knowledge you can got here is fresh through the oven so don't always be worry if you feel like an previous people live in narrow commune. It is good thing to have The Chemistry of

Lithium, Sodium, Potassium, Rubidium, Cesium and Francium: Pergamon Texts in Inorganic Chemistry because this book offers to you readable information. Do you at times have book but you would not get what it's all about. Oh come on, that would not happen if you have this in your hand. The Enjoyable blend here cannot be questionable, similar to treasuring beautiful island. Techniques you still want to miss the idea? Find this book and read it from today!
