## **The Perseid Collapse Series: Retribution (Kindle Worlds)** David Forsyth

Retribution is a stand-alone novel set in the Kindle World of Steven Konkoly's "Perseid Collapse" series (with introduction by Steve). When America is hit with combination punches of massive meteor strikes and an EMP attack, the USS Florida is safely out in the middle of the Pacific Ocean. The captain and crew of this nuclear powered guided missile submarine soon find themselves in the middle of a global conflict between China and the USA. Their mission could change or even end the world as we know it

David Forsyth is the author of several bestselling apocalyptic sea adventures. "Sedulity 1: Impact" has been on Amazon bestseller charts continuously since March 2014. It features the the passengers and crew of a cruise ship when an asteroid strikes the Pacific Ocean. Forsyth's first novel, Voyage of the Dead, features survivors on a ship sailing through the zombie apocalypse. That story is continued in other books of the Sovereign Spirit Saga. Retribution is a change of pace and genre, moving from pure post-apocalyptic science fiction to techno-thriller. Bon Voyage!

Introduction by Steve Konkoly:

In The Perseid Collapse Series, the United States takes a serious beating at the hands of the People's Republic of China. Not until book four, do readers catch a glimpse of the tables turning. A small, but satisfying look at America striking back. When I first spoke with David about writing in the Perseid Collapse Kindle World, I knew he was in the middle of writing a story set onboard a submarine — and that David was the author to bring America's fight to the Chinese. When I gave him a small sneak peek at Dispatches, book four in my series, he saw the same thing. It was the perfect opportunity to expand an unexplored storyline, taking full advantage of David's strength and experience as an author.

David has made a career writing bestselling stories based on the high seas. He continues the tradition with Retribution, a high-speed story about the USS Florida, a nuclear powered submarine sent on the ultimate mission — to avenge America. As a former naval officer, I thoroughly enjoyed David's hard-hitting story, and I know you will too. America is not out of the fight!
