Giacomo Francini

Il mutamento linguistico: La lingua latina nella Gallia romana (Italian Edition) Giacomo Francini
Seminar paper from the year 2000 in the subject Speech Science / Linguistics, grade: Keine, University of Zurich, 6 entries in the bibliography, language: Italian, abstract: La conquista della Gallia segna un momento particolare nella storia della latinizzazione delle province romane, non fosse altro per il suo carattere fulmineo e irreversibile: in poco meno di un decennio le legioni di Cesare gettarono le basi della futura dominazione politica e culturale della regione, favorendo l'affermazione del latino quale lingua di scambio commerciale e di ascesa sociale. Tale affermazione non è da attribuirsi a un travaso di parlanti dall'Italia alla Gallia settentrionale, ma è il risultato di un'imposizione linguistica che ha fatto del latino la lingua dominante sia in campo economico che culturale.
