The Ideology of the Extreme Right Cas Mudde

Though the extreme right was not particularly successful in the 1999 European elections, it continues to be a major factor in the politics of Western Europe. This book, now available in paperback, provides a comprehensive and detailed analysis of the extreme right in the Netherlands, Belgium, and Germany. On the basis of original research--using party literature--the author concludes that though individual parties might stress different issues, the extreme right party family does share a core ideology of nationalism, xenophobia, welfare chauvinism, and law and order.
