**Doing Fieldwork** Christopher Pole, Sam Hillyard

"This is not yet another step-by-step guide to research methods. Rather, Pole and Hillyard draw the reader into fieldwork as a form of living and lived research. They take key threads of research practices and processes and weave them into a holistic approach to fieldwork. *Doing Fieldwork* is a must read for new researchers planning a journey into the immersion of 'being there' that is field work."

**- Professor Garry Marvin, University of Roehampton**

Fieldwork is central to Sociology, but guides to it often treat the real questions invisibly or over-load the reader with micro-details. This refreshing, authoritative volume, written by two experienced, highly respected fieldworkers, provides a one-stop, engaging guide. The book:

- Clearly explains fieldwork methods
- Shows how to locate a field and map it
- Covers common problem areas and ethical considerations
- Provides a ready reckoner of time management issues
- Helps with analysis of findings.

**Doing Fieldwork** is an invaluable teaching and research resource. It should be in every student's backpack and part of every researcher's tool kit.

Professor Chris Pole is Deputy Vice-Chancellor at the University of Brighton. His long-standing research interests are in social research methodology, especially Ethnography and in the Sociology of Education and Childhood.

Dr Sam Hillyard is a Reader in Sociology at Durham University. Her research interests are in qualitative research methods, interactionist social theory and rural studies.
