Microsoft Patterns: Web Presentation Patterns (German Edition) Christoph Treude

Studienarbeit aus dem Jahr 2005 im Fachbereich Informatik - Wirtschaftsinformatik, Note: 1,3, Universität Siegen (Wirtschaftsinformatik), Veranstaltung: Hauptseminar Wirtschaftsinformatik, 15 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Muster sind seit einigen Jahren eines der beliebtesten Forschungsthemen innerhalb der Software- Entwicklung. Das Interesse entstand vor allem vor dem Hintergrund, dass lange Zeit zwar gute Entwurfsmethoden und Sprachen wie z.B. die Unified Modeling Language UML vorhanden waren, es jedoch an dokumentierten, praxistauglichen Entwürfen für Software- Systeme fehlte und somit bei neuen Problemen oft gleiche Lernprozesse wiederholt werden mussten. Muster dagegen halten nicht nur gewisse Methoden fest, sie beinhalten zusätzlich Erfahrungen der Software- Entwickler in einer Form, die ihre Wiederverwendung möglich macht. Auf diese Weise ist es möglich, von den Erfahrungen langjähriger Entwickler zu profitieren, ohne selbst Experte zu sein.

Darüber hinaus stellt die Verwendung eines in der Praxis erprobten Musters sicher, dass die entwickelte Software bestimmten Anforderungen genügt, die an das Muster gestellt wurden. So sind in den letzten Jahren diverse Muster entwickelt bzw. gefunden worden, deren Anwendung Anpassungsfähigkeit und Flexibilität eines Softwaresystems gewährleistet. Die in dieser Arbeit behandelten Web Presentation Patterns stellen solche praxiserprobten Muster dar, die konkret auf das Anwendungsgebiet dynamischer Web-Applikationen bezogen wurden. Ihre Anwendungsbereiche reichen von der grundlegenden Trennung zwischen Anwendungslogik und Darstellung über die flexible Gestaltung von Web-Anwendungen bis hin zu unterschiedlichen Verfahren zum Cachen oft aufgerufener Seiten. Viele dieser Muster lassen sich mit einigen Anpassungen in der .NET-Umgebung besonders effizient umsetzen, indem von speziellen Klassen oder Mechanismen des .NET-Frameworks Gebrauch gemacht wird.

From reader reviews:

Tara Carlson:

Within other case, little people like to read book Microsoft Patterns: Web Presentation Patterns (German Edition). You can choose the best book if you want reading a book. So long as we know about how is important a new book Microsoft Patterns: Web Presentation Patterns (German Edition). You can add understanding and of course you can around the world by way of a book. Absolutely right, due to the fact from book you can learn everything! From your country right up until foreign or abroad you will find yourself known. About simple issue until wonderful thing you may know that. In this era, we are able to open a book or searching by internet system. It is called e-book. You should use it when you feel weary to go to the library. Let's go through.

Sheldon Downs:

Here thing why this particular Microsoft Patterns: Web Presentation Patterns (German Edition) are different and trustworthy to be yours. First of all reading a book is good but it really depends in the content of the usb ports which is the content is as tasty as food or not. Microsoft Patterns: Web Presentation Patterns (German Edition) giving you information deeper since different ways, you can find any guide out there but there is no publication that similar with Microsoft Patterns: Web Presentation Patterns (German Edition). It gives you thrill looking at journey, its open up your own eyes about the thing that happened in the world which is probably can be happened around you. You can actually bring everywhere like in area, café, or even in your approach home by train. If you are having difficulties in bringing the paper book maybe the form of Microsoft Patterns: Web Presentation Patterns (German Edition) in e-book can be your option.

May Chapa:

That guide can make you to feel relax. This particular book Microsoft Patterns: Web Presentation Patterns (German Edition) was bright colored and of course has pictures around. As we know that book Microsoft Patterns: Web Presentation Patterns (German Edition) has many kinds or variety. Start from kids until teens. For example Naruto or Investigation company Conan you can read and believe that you are the character on there. Therefore , not at all of book are generally make you bored, any it makes you feel happy, fun and relax. Try to choose the best book for you and try to like reading in which.

John Barrow:

Publication is one of source of know-how. We can add our know-how from it. Not only for students but in addition native or citizen have to have book to know the revise information of year for you to year. As we know those textbooks have many advantages. Beside many of us add our knowledge, can also bring us to around the world. Through the book Microsoft Patterns: Web Presentation Patterns (German Edition) we can consider more advantage. Don't that you be creative people? To get creative person must prefer to read a book. Only choose the best book that suited with your aim. Don't be doubt to change your life with this book

Microsoft Patterns: Web Presentation Patterns (German Edition). You can more desirable than now.
