**From Book 1:** Pressed into service when World War II breaks out in the Pacific, the US *Walker*—a Great War-era destroyer—finds itself retreating from pursuing Japanese battleships. Its captain, Lieutenant Commander Matthew Patrick Reddy, desperately leads the Walker into a squall, hoping it will give them cover—only to emerge into an alternate world. A world where two species have evolved: the cat-like Lemurians and the reptilian Griks, and they are at war.

With its power and weaponry, the *Walker's* very existence could alter the balance of power. And for Reddy and his crew, who have the means to turn a primitive war into a genocidal Armageddon, one thing becomes clear. They must determine whose side they're on. Because whichever species they choose is the winner.
