Culture in Conflict: Irregular Warfare, Culture Policy, and the Marine Corps

Paula Holmes-Eber

Culture in Conflict: Irregular Warfare, Culture Policy, and the Marine Corps Paula Holmes-Eber

In response to the irregular warfare challenges facing the U.S. in Iraq and Afghanistan in 2005, General James Mattis—then commander of Marine Corps Combat Development Command—established a new Marine Corps cultural initiative. The goal was simple: teach Marines to interact successfully with the local population in areas of conflict. The implications, however, were anything but simple: transform an elite military culture founded on the principles of "locate, close with, and destroy the enemy" into a "culturally savvy" Marine Corps.

Culture in Conflict: Irregular Warfare, Culture Policy, and the Marine Corps examines the conflicted trajectory of the Marine Corps' efforts to institute a radical culture policy into a military organization that is structured and trained to fight conventional wars. More importantly, however, it is a compelling book about America's shifting military identity in a new world of unconventional warfare.
