## **An Industrial Geography of the Netherlands (Routledge Library Editions: Economic Geography)**

Egbert Wever, Marc de Smidt

This book, originally published in 1990, provides a comprehensive and detailed assessment of the Dutch economy since the war, discussing the changes which have been brought about by the restructuring of the economic base. The book employs case studies to analyse in particular the impact of regional policy, the position of the country in the international industrial network and the impact of large industrial concerns, foreign and domestic, on the Dutch economy.
