Canarias en el viagero universal (Escala en Tenerife) (Spanish Edition) Abate, La Porte, Abate Y Estala, Pedro Prévost

Durante el siglo XVIII los avances científicos y el reconocimiento de nuevas zonas geográficas del planeta, gracias a las múltiples exploraciones que organizaron las potencias europeas, hicieron necesario compilar nuevas colecciones de viaje que enmendaran aquellas que aparecen a partir del Renacimiento, originadas por la avalancha de descubrimientos de nuevas tierras y la necesidad de reunir las relaciones que se iban elaborando. Así, a lo largo del XVIII numerosas empresas editoriales europeas se abocaron a publicar relaciones de viajes. Son numerosas las «noticias» sobre Canarias aportadas por los viajeros que desde el siglo XV las visitan, de ahí que las referencias a estas islas en las compilaciones de viajes del XVIII sean constantes. En este libro se recogen los datos proporcionados sobre Canarias en tres co-lecciones de viajes del Dieciocho: Historia general de los viages (1746) del abate François Prévost, en la traducción de Terracina (1774); El viajero francés (1773) de Joseph de La Porte; y El viagero universal (1797) de Pedro de Estala.

El «exotismo» del país visitado suele ocupar un lugar destacado en estas relaciones porque despierta la imaginación y el asombro del lector europeo; pues lo inédito, lo alienus, lo diferente atrae particularmente la atención de un público ávido de novedades que en la imaginación popular tiende a instalarse en lo maravilloso.
