**The End of the Ottoman Empire, 1908-1923 (Turning Points)** Alexander Lyon Macfie

The collapse of the Ottoman Empire is a key event in the shaping of our own times. From its ruins rose a whole map of new countries including Turkey, Iraq, Syria, Lebanon, Jordan, Saudi Arabia and the perennially troubled area of Palestine as well as the Balkan lands - states which were to remain flashpoints of international tension. This thoughtful and lucid volume considers the reasons for the end of the Ottoman Empire; explains the course of it; and examines the aftermath.
