Willet returns to his task, but the clues to the crime lead to contradictions and questions without answers, and his senses are skewed. People he touches appear to have a subtle shift, as though he can divine their deepest thoughts. In a world divided between haves and have-nots, gifted and common, Willet soon learns he's been passed the rarest gift of all--a gift that's not supposed to exist.

Now Willet must pursue the murderer still on the loose in Bunard even as he's pulled into a dangerous conflict that threatens not only his city, but his entire world--a conflict that will force him to come to terms with his inability to remember how he escaped the Darkwater Forest--and what happened to him inside it.
