## **The Handbook of World Englishes (Blackwell Handbooks in Linguistics)**

*The Handbook of World Englishes* is a collection of newly commissioned articles focusing on selected critical dimensions and case studies of the theoretical, ideological, applied and pedagogical issues related to English as it is spoken around the world.

- Represents the cross-cultural and international contextualization of the English language
- Articulates the visions of scholars from major varieties of world Englishes – African, Asian, European, and North and South American
- Discusses topics including the sociolinguistic contexts of varieties of English in the inner, outer, and expanding circles of its users; the ranges of functional domains in which these varieties are used; the place of English in language policies and language planning; and debates about English as a cause of language death, murder and suicide.
