## **Hijos de la mente (B de Books) (Spanish Edition)** Orson Scott Card

Lusitania es único en la galaxia, un planeta donde coexisten tres especies inteligentes: los pequeninos, los humanos y la Reina Colmena y sus insectores. El planeta ha sido condenado por el Consejo Estelar a causa de la descolada, un virus letal para los humanos e imprescindible para la biología de los pequeninos. Gracias a que Jane, la inteligencia artificial aliada de Ender, ha hecho posible un misterioso viaje más allá del universo, Ender ha creado dos nuevos seres, verdaderos «hijos de la mente» suyos, que se unen a él en la difícil lucha por salvar Lusitania. Una especulación sobre el ser y la conciencia que no rehuye reflexionar sobre la religión, la política y el poder. La complejidad y el tratamiento serio de los jóvenes protagonistas atraerá a muchos lectores de novelas juveniles, mientras que la impecable prosa de Card y la intriga política de ritmo acelerado llamarán la atención de los adultos aficionados a las novelas de espías, thrillers y ciencia ficción. Publishers Weekly Card ha tomado conceptos clásicos de la ciencia ficción como el del superhombre o la guerra interestelar contra alienígenas y, con un soberbio tratamiento de los personajes, del ritmo y de la lengua, los ha combinado en una narración sin fisuras y de irresistible poder. Booklist Combina un poderoso estilo con difíciles dilemas éticos y unos retratos penetrantes. New York Daily News
