Kitchen Witch's Guide to Magickal Tools Patricia Telesco

A wide variety of implements have held a place of respect in metaphysical practices throughout the world - be it the incense burning during a monk's mantras, the candles lit on a witch's altar, or the animal horn adorning the Shaman's costume. And while we know that tools are simply helpmates to magick (that each person enables and activates the potential therein), we also know that we come to trust our tools as an important component in many of our spiritual efforts.

But what do we really know about them? Where do they come from? What do they truly represent? Ever wondered why the Good Fairy used a wand, and how that translated into modern magickal settings? These questions and many others are answered in Kitchen Witch's Guide to Magickal Tools. It is your gateway to a wonderful adventure - discovering the history, myths, and folklore behind everything in a modern witch's kit.

You'll learn how to make many of these tools in your own home, fill them with personal energy, bless them, and care for them. What about the things you can't readily make? Patricia includes a detailed list of sources known and trusted by elders and leaders in the Neo-Pagan community. In other words, this is a one-stop "shop" that you can return to again and again for information and ideas to improve the meaningfulness and potency of all your magickal tools.

Here is just a brief sampling of what's inside:

- Using animal emblems in various magickal modalities.
- Making a travel amulet.
- Designing a cat-friendship fetish.
- Discovering elemental symbols in and around your home.
- Building and designing you altar and tools.
- Assemble your own drum, broom, and much more!
