PINSTRIPE PATRONAGE Martin Tolchin, Susan J. Tolchin

Political patronage - awarding discretionary favors in exchange for political support - is alive and well in 21st century America. This book examines the little understood patronage system, showing how it is used by 'pinstripe' elites to subvert the democratic process. 'Pinstripe patronage' thrives on the billions of dollars distributed by government for the privatisation of public services. Martin and Susan Tolchin introduce us to government grants specified for the use of an individual, corporation, or community and 'hybrid agencies', with high salaries for top executives and board members. In return for this corporate welfare pinstripe partons giving politicians the ever-increasing funds needed to conduct their political campaigns. As budget cuts begin to bite, the authors argue that it is time to clamp down on the corrupt practice of pinstripe patronage.
