Churchill: A Concise Bibliography (Bibliographies and Indexes in World History)

Buckley B. Barrett

Churchill: A Concise Bibliography (Bibliographies and Indexes in World History) Buckley B. Barrett

At the close of the 20th C., the formal end of a period strongly influenced by Winston S. Churchill as well as other political giants such as Stalin, Hitler, Mao Tse-Tung, and FDR, scholars continued to discuss and evaluate Churchill and will continue to do so into the 21st C. Many claim he was a Renaissance man who blended an unusual genius for action, writing, art, politics, and statesmanship, while others would excoriate him for his weaknesses. Aimed at a general audience of academics and armchair historians, this bibliography briefly describes and evaluates a wide selection of books in English by and about Winston S. Churchill.

It includes books published since the late 1890s and is limited to works that are readily available. It excludes such items as theses and dissertations, government documents, manuscripts, and papers, and hard-to-locate ephemeral items such as pamphlets and public program notes, although a number of the titles covered are anthologies of these ephemeral materials. The titles covered provide countless leads for those wishing to pursue their research further. This book provides a good beginning.
