Edward Harold Stuart Simmonds, who died on November 9, 1994 aged 75, will be remembered as one of the few distinguished scholars who combined a knowledge of both the languages and the literatures of Thailand and Laos, and who, between 1951 and 1967 succeeded almost single-handedly in establishing the study of Tai languages, literature and culture in British universities. This book presents a fascinating series of essays written in his honour.
