## **Gender and Elections: Shaping the Future of American Politics** Susan J. Carroll, Richard L. Fox

The updated edition of this book describes the role of gender in the American electoral process through the 2008 elections. It strikes a balance between highlighting the most important developments for women as voters and candidates in the 2008 elections and providing a deeper analysis of the ways that gender has helped shape electoral politics in the United States. Individual chapters demonstrate the importance of gender in understanding presidential elections, voter participation and turnout, voting choices, the participation of African American women, congressional elections, the support of political parties and women's organizations, candidate communications with voters, and state elections. This updated volume also includes new chapters that analyze the roles of Latinas in US politics and chronicle the candidacies of Hillary Clinton and Sarah Palin.
