The Lion's Den

The Lion's Den

Della Rawlins is not long back from Afghanistan, where she and her boyfriend Aaron have joined the throng of photojournalists, reporters and bounty hunters in the hunt for Osama bin Laden. When the trail leads them into Pakistan, things get complicated and while Della makes it out before the net tightens around the American nationals, Aaron is captured and detained. It is unknown where he is being held, or if he is still alive.

Needing some distance from the problem to deal with the horrors she had been witness to, she takes a photographic assignment into the Canadian wilderness to clear her head. It isn't long before her peace is invaded and she comes face to face with a tall dark stranger who dredges up haunted memories of the recent past...

From the desert of Pakistan, to the wilderness of eastern Canada, to the rich man's playground of Mallorca, Spain, follow Della and Brad as they take the journey that leads to the Lion's Den. Lives, hearts and the future of a presidency hang in the balance.
