Fly Navy: The View From the Cockpit 1945-2000 Charles Manning

This book tells the full story of flight from sea, discussing the dangers that naturally come with this seemingly unnatural mode of airbase, including the unfortunate losses of over 900 men during this period. It covers the development of new technology of the period and how changes in other areas such as the cold war and rise of nuclear power, meant that much of the abilities had to be changed and developed.
