Reformed Dogmatics : Volume 1: Prolegomena Herman Bavinck

"Finally Bavinck becomes available to the English-speaking world. The Dutch version has been a constant stimulus for students, pastors, and other interested Christians. It has shaped generations of theologians and helped them to preach, think, and act on a fresh, Reformed basis. Baker and the Dutch Reformed Translation Society deserve praise for this project, from which without doubt church and theology will profit for years to come."

--**Herman Selderhuis**, Theologische Universiteit Appeldoorn

"Bavinck's *Reformed Dogmatics* has been the fountainhead of Reformed theology for the last hundred years. It is by far the most profound and comprehensive Reformed systematic theology of the twentieth century. The reader will be amazed by Bavinck's erudition, creativity, and balance. Bavinck is confessionally orthodox, but he recognizes the need to rethink the traditional formulations from Scripture in the context of contemporary discussion. I hope it will have a large readership and will bring forth much theological and spiritual fruit."

--**John M. Frame**, Reformed Theological Seminary

"Pastors and theologians will welcome the historic first complete translation of Herman Bavinck's *Reformed Dogmatics*. . . . This masterful theological work is now available to passionate students of theology."

--**R. Albert Mohler Jr.**, *Preaching*

"Bavinck's probings . . . are now accessible to theological communities where his name is revered, but where little has been known about the details of his thought. This is a cause for rejoicing. But it is to be hoped that the larger English-speaking theological world will also accept the challenge of seriously engaging his considerable contribution to Reformed thought. . . . Bavinck comes across as a remarkably gifted and creative guide to the contemporary landscape."

--**Richard J. Mouw**, *IRT Bulletin*
