Space and Time (God's Creation Series) Michael Carroll, Caroline Carroll

In the beginning God created the heavens and the earth. The earth didn't have any shape. And it was empty. - Genesis 1:1-2 (NIrV) In Space & Time, kids get a taste of these two concepts and how they are related. From spinning planets, glowing comets, burning stars, and pinwheeling galaxies, to a discussion about bowling balls on a trampoline (that explains how space and time warp)-and much, much more-scientifically accurate concepts are discussed in kid-friendly language. Add drawings, photos, and fun facts, and young scientists see the awesome and intricate plan God had in mind when he created the heavens and earth.
