**Universidad Rediviva: Diálogos con Juan Ramón de la Fuente (Spanish Edition) Ignacio Solares**  
En estos diálogos con el escritor Ignacio Solares, Juan Ramón de la Fuente rememora con agudeza crítica los días aciagos de la huelga estudiantil de la UNAM en 1999, y extrae reflexiones pertinentes acerca del papel insustituible de la universidad pública en la sociedad contemporánea.

**Un testimonio de primera mano de uno de los acontecimientos más relevantes y críticos de la historia reciente del país.**

De abril de 1999 a enero de 2000, la Universidad Nacional Autónoma de México, la Máxima Casa de Estudios de nuestro país, estuvo paralizada por la **huelga estudiantil** más larga de su historia. Tantos meses de inactividad, tensiones y escaramuzas entre las partes en conflicto, desgastaron profundamente el tejido social al interior de la institución. Los costos de la huelga fueron incalculables, no sólo en términos económicos, políticos y sociales, sino también académicos, científicos y culturales.

Tan pronto como fue designado rector de la **UNAM** a finales de 1999, **Juan Ramón de la Fuente** emprendió una ardua estrategia para restablecer la concordia y el diálogo entre los diversos sectores, y así superar el conflicto y regresar a las aulas, pero también para reconstruir las vías de entendimiento institucional, retomar a marchas forzadas la actividad académica y científica, y restaurar el abatido prestigio de la Universidad, a fin de colocarla otra vez entre las mejores de Hispanoamérica y del mundo.

En estos diálogos con el escritor **Ignacio Solares**, Juan Ramón de la Fuente destaca la relevancia de la educación para construir un proyecto de nación justo e incluyente y traza senderos deseables para el futuro de la democracia en estos tiempos de turbulencia política e ideológica.
